---

Charlie,

Per my voicemail and our quick discussion this afternoon I'm trying to see where we are on EtO, and the email below arrived this morning and sparked some questions.

(b) (5)

BTW, I discussed timing of OAR actions with Bob Fegley. April 05 proposal, April 06 promulgation of final rule. I highlighted to Bob that we needed to make sure the rule language reflected where we were on our assessment and the issues above.

Thanks, John
